What are the best things about this class and your instructor?

He takes the time to go through problems efficiently as well as effectively and maintains a clear way to make sure each of us understands exactly what he is doing.

What things need improvement? Any suggestions?

Make your 9's not look like "6's"

Other comments?

Keep up the good work teaching everything. You are literally one of my ~~most~~ favorite T.A.'s I've had here in my 4 years of attending the university. I ~~am~~<sup>wish</sup> you the best in whatever your future endeavors may hold. Thank you for helping me reach my goals of doing well in class!

What are the best things about this class and your instructor?

He was very good at speaking clearly  
and loudly

What things need improvement? Any suggestions?

I didn't really understand his methods.  
All in all, I didn't think he was entirely  
effective in what he should be doing.

What are the best things about this class and your instructor?

Both the instructor and the T.A. taught very effectively. I really enjoyed all of the examples they did in class, it really helped me out learning the material

What things need improvement? Any suggestions?

Maybe a little more examples in recitation, but other than that, no.

Other comments?

Keep up the good work!

What are the best things about this class and your instructor?

If we don't have time in class to go over problems, he always takes time to post solutions to the problems we ask in class.

What things need improvement? Any suggestions?

He does a great job, but I wish he could cover more problems in class if that's possible.

Other comments?

He's very nice and personable and cares about our learning.

What are the best things about this class and your instructor?

I liked how he explained everything very clearly.

What things need improvement? Any suggestions?

Improve the test dates, it makes no sense for 2 of my 3 math test to be on the same day as my physics test because if you want to take physics you have to take math 1700 at the same time.

What are the best things about this class and your instructor?

He was very easy to understand, and went over every problem we asked thoroughly. If he did not get to a problem he emailed us the solutions.

What things need improvement? Any suggestions?

Perhaps to send out quiz notices earlier so we can study more.

Other comments?

Overall, a very good TA who helped me out a lot in Calc 2.

What are the best things about this class and your instructor?

Always prepared for class. If we didn't have questions, he had problems to work out which helped solidify concepts. He would post the shown work to any problems he couldn't get to in lecture. He was very articulate and focused on students' understanding of concepts.

What things need improvement? Any suggestions?

Gauge the class a little more as far as how clearly everyone understands something. Sometimes further elaboration was not needed.

Other comments?

I wish you luck on your research!

What are the best things about this class and your instructor?

Soumya is the best T.A. I've had thus far! He explains everything in a very simple and easy to understand. He is always willing to answer our questions during office hrs whenever we need help.

What things need improvement? Any suggestions?

nothing.

Other comments?

Thanks Soumya, I think w/o your knowledge, I wouldn't have been able to get through Calc 2 at all.

What are the best things about this class and your instructor?

The regular (Non TA) lectures were very fast and hard to follow. Yet when he taught he was EXTREMELY good. Good grading

What things need improvement? Any suggestions?

Not many. gs look like gs. Would warn us of quizzes sometimes only a few hours before the quiz.
